Choose Your Druggist Carefully

A druggist can do more harm or good than most people give him credit for.

There are different qualities in drugs, just as their are in dry boods, and to the outsider all qualities go by the same name.

The difference between pure, high grade drugs, and cheap, inferior drugs of the same name means the difference between getting sick and keeping well. When a doctor writes a prescription he means best quality. When some druggists fill a prescription they think only of big Choose your druggist carefully,
